Leadership Hudson is a nine-month program that introduces participants to City, business and community leaders in Hudson with the goal that at the program conclusion, participants will serve Hudson in future leadership positions. In addition to valuable networking and leadership development opportunities, the program also promotes each class to develop its own unique project that will economically or educationally benefit the wider Hudson community.

The purpose and goals of Leadership Hudson are:

- To educate interested residents of Hudson and persons who work in Hudson about its various community organizations
- To encourage participation in those organizations
- To build a leadership resource to serve future community needs

Past Projects of Leadership Hudson

- Volunteer Database
- Taste of Hudson
- Downtown Hudson Benches
- Veteran’s Memorial Markillie Cemetery
- Hudson Farmers Market
- 5K Chili Run & Community Playground
- Junior Leadership Hudson
- Safety Town
- Screen on the Green
- HeART of Hudson Art Walk
- Race to the Taste
- Leadership Hudson Alumni Association & Barlow Community Center Solar Panels
- Pedal Hudson

The projects of this group have had a profound effect on the community! Some are now generating funds and support for other group projects.

Program Curriculum

The Class will be limited to no more than 15 participants who are representative of the community. Classes begin in September with a required two day orientation. This includes team building, leadership skills, and a comprehensive overview of the Hudson community. In addition to the orientation sessions, participants agree to attend one full day of sessions per month, the second Friday of the month from October through May. During the sessions, the class will identify and implement a class project focusing on community. If employed, applicants must have the support of their employer to enroll in the program.

The sessions will be devoted to various themes such as:

- Government
- Education
- Business
- Health and Human Services
- Quality of Life
- Leadership and Ethics
- Team Development

The program will conclude with a graduation ceremony in May. Alumni are asked to make a commitment to be involved in planning future Leadership Hudson sessions and volunteer for some form of public service.
